

Mechanisms of Robustness During Development and Regeneration

Preliminary Program

The event will begin with an informal welcome reception on the evening of April 6, 2025. Events on April 7 and April 8 will include talks and poster sessions in which both alumni and current lab members can share their science or provide broader perspectives on their careers, as well as opportunities to interact informally during meals and social activities. Lunch and dinner will be provided on both days. Departure on April 9.

A detailed agenda will be provided on this page in early 2025.

FAQs

What is the nearest airport?

The closest airport is Frankfurt International (FRA).

How do I get to Bad Nauheim?

From the airport, it takes ~30-35 minutes to Bad Nauheim by car/taxi. A taxi will cost about 100 euro. Most taxis accept credit cards. There is also a train connection from the airport to Bad Nauheim. However, it will take about 1 hour and it is necessary to change trains at Frankfurt central station (Frankfurt/Main Hauptbahnhof). At the airport, you should choose the regional train station (Frankfurt(M) Flughafen Regionalbf). The train will cost ~11 euro. The train schedule can be found here: www.bahn.de

Is uber available in Germany?

Uber is available in several cities, including Frankfurt, but not in Bad Nauheim. In Germany, uber can only offer rides with licensed drivers (e.g. taxis), not with private drivers. Nevertheless, the rides booked via uber are usually cheaper.

Is parking available at the venue?

Yes, there is a public car park right across the road from the venue.

Can I bring my partner?

Partners are welcome to attend the dinner on Tuesday, 8 April 2025. For organizational purposes, it is necessary to register your partner separately (see registration page).

Is childcare available at the venue?

At the moment, it is not planned. Please contact us with your requirements (events.stainier@mpi-bn.mpg.de) and we will see what can be arranged.

Will I receive a certificate of attendance?

You will receive a confirmation of registration/an invoice. However, if you require a certificate of attendance after the symposium, please send a request to events.stainier@mpi-bn.mpg.de.
